

Useful Contacts

As always, we at KIDS in Discovery are here to help you and your child; however there are times that there are situations beyond our area of expertise. Below are some useful contacts that we have provided for parents in the past. Please understand that none of these professionals are affiliated with the church (unless noted) and there are others out there that provide these services also. These are only our suggestions!

Most of the surrounding school counties provide services for children who qualify in a variety of areas including Speech, Occupational Therapy, Physical Therapy, etc. They also have several Preschool Developmentally delayed classrooms for children who are showing significant delays in their overall development. Children will be assessed and screened to see if they qualify. This process can take several months so if you feel your child might qualify please get in contact with the county as soon as possible.

Currently our contact for Henrico/ far west end is Mrs. Erin Douglas at Jackson Davis Elementary. Her email is epdouglas@henrico.k12.va.us or (804) 527 – 4620.
